Hi,

I'm a product leader with 13 years' experience building and scaling digital products from concept to production.

I have a proven track record leading design, engineering, and product development across early-stage ventures while managing complete roadmaps end-to-end in fast-paced environments.

Full stack web engineer (Expert) - 12 years
UI/UX Web Design (Expert) - 13 years
Brand Design (Advanced) - 11 years
Product Development (Advanced) - 9 years
Product Management (Competent) - 8 years
CI/CD Ops (Competent) - 11 years
Stack: React JS, Node JS, Typescript, Javascript, SCSS, React Native, PostgreSQL, AWS

Experience

Product Engineer, Volteras
Oct 2025 - Present | London, UK
- Redesigned and rebuilt the internal admin dashboard from scratch.
- Led development of multiple new features in the core product.
- Played a key role in shaping product direction and strategy.

Chief Product Officer (CPO), GridDuck
Mar 2017 - Oct 2025 | London, UK
- Drove end-to-end creation of an energy management platform, scaling it from concept to 1500+ devices.
- Owned the complete UI/UX design, delivering an intuitive dashboard that makes complex energy data accessible.
- Directed the product lifecycle and roadmap, managing stakeholder feedback from concept to launch.
- Engineered a conversational AI feature by integrating an LLM with our internal API for natural-language data analysis.

Chief Technology Officer (CTO), UTC Hub
Sep 2016 - Sep 2017 | London, UK
- Directed technical strategy and infrastructure development.
- Oversaw product lifecycle from conception to deployment.
- Designed all UI/UX interfaces and user experience flows for students and employers.

Founder / CTO, Gigbloc
Nov 2015 - May 2016 | London, UK
- Co-founded and built the technical backbone of a live music platform.
- Designed the UI/UX for the live music discovery app and website.

Software Developer & Client Services, WIREWAX
Jul 2013 - Nov 2015 | London, UK
- Developed interactive video features as a front-end developer & liaised with clients and provided design support.

Education

B.A. Music Technology (2:1) University of West London 2011 - 2014
A Levels: English Literature, Physics, Biology, Music Technology Taunton School 1996 - 2011
